

## EASY PCR SCREENING

### HOW IT WORKS?

COVID 19 pandemic, throughout the globe, has affected millions of lives with an enormous impact on health and socioeconomic sector.

When leaving Maldives, it is required to produce and submit a negative PCR test result to Immigration Portal at least 24 hours' prior departure. The PCR Test Certificate must display the clearly the name of the person traveling and the name of the medical facility that granted it. In addition, some airlines also do require to have a negative COVID 19 test before the guests are allowed on board, we have come up with a procedure to help our guests tested before their departure.

CROSSROADS Maldives provides easy, efficient and cost-effective arrangements for PCR exit screening in the CROSSROADS without having to travel out of the resorts and visit a testing facility.

- CROSSROADS Maldives has a well-equipped clinic with a doctor and nurse based at The Marina at CROSSROADS.
- Request to Front Office for PCR screening 96 hours prior to departure so they may schedule you for the appropriate time for testing.
- The tests can be arranged at the Clinic or respective location at hotel, please speak with Front Office to arrange location of testing.
- Samples will be taken by trained experts and sent to Male for the analysis. No charges will be applied on transportation of the specimen to the hospital.
- Reports will be received by email and printed copy will be delivered to the villa.
- Total cost for a PCR screening per person is **90 USD net**, which also can be added to the room charges.

#### Sampling procedure:

- Sampling procedure takes approximately 3 minutes. Sampling procedure will be explained in detail by the professional medical experts in house.
- 2 samples will be collected Oropharyngeal (through throat) and Nasopharyngeal (through nostril).
- Samples will be packed accordingly to the Health Protection Agency and transported securely for accurate results.
- If tests results are positive, we will follow Maldives Authorities Guidelines on how to handle the case. For more information about government guidelines please visit: <https://covid19.health.gov.mv/downloads/>
- Although, we partnered with the largest medical facility, with best medical expertise in Maldives, CROSSROADS Maldives will not take any responsibility on the accuracy of the results.

We are looking forward to welcome you to CROSSROADS Maldives.
