

VISTAVALLARTA
CLUB DE GOLF

Designer Jack Weiskopf

Located in the lower part of **Vista Vallarta**, this 18-hole par 72 course is one of the most spectacular golf courses in Puerto Vallarta. Opened in 2001 and designed by the acclaimed **Tom Weiskopf**, it is built on an extreme terrain of jungle fauna and curved streams.

It was recently considered one of the 10 best golf courses in **Mexico** by a panel of golf experts and published in **“Best Golf Guide to the Mexican Riviera”**. This course is challenging for more experienced players, but more friendly for women as many hazards are safely guarded by the position of the red markers.

The first three holes will make you think it is relatively easy, but from the fourth hole Par 5, the challenge begins. If you want a beautiful view and at the same time enjoy playing golf, you cannot miss the 4th and 12th holes due to the great amount of vegetation that **Vista Vallarta** has.
