

Marina Vallarta

CLUB de GOLF

Designer Joe Finger:

Designed by Joe Finger, this Puerto Vallarta golf course is located in the exclusive area of La Marina Vallarta, a few steps away from the most renowned hotels in the city. It is also located at a short distance from the most important points of **Puerto Vallarta**, such as the boardwalk and the international airport.

This 18-hole golf club is considered a mature course, as it is more than 25 years old. It is characterized by a tropical atmosphere, which combines the exotic animals of the place and the beautiful views of the Sierra Madre with the Pacific Ocean and the **Bay of Banderas**. Having holes by the sea, the wind plays a challenging role for the golfer; its fairways are very narrow and its greens are sometimes slow and difficult to read.

Likewise, the difficulty of the course increases with its numerous palm trees and 6 lakes. The golfing experience changes considerably depending on the time of day; in the afternoon, the wind and sun radically change the conditions and therefore, scores can vary widely.

General Information

Course Design	Joe Finger
Holes	18
Pars	72
Yards	6,573
Fairways & Greens	Sohia. Bermuda, paspalum
